

Transit of Venus 2012

NASA EDGE Live Webcast Rundown- based on Hawaiian time

Please be advised: NASA EDGE does not script their webcast, they are spontaneous and will respond based on the questions and the interest of their audience, they will use the persons available live to respond to questions rather than try to keep to the tentative schedule below. We want everyone to enjoy the Transit of Venus.

June 5, 2012

11:45:00 Coverage Begins
11:48:40 Break: Planned Hold on Telescope Footage
11:49:40 Live: Talk about culture, history and significance of
Transit of Venus
11:54:40 Break: Telescope Footage

Live: Hawaii & Transit
Video: Hawaii and the Cosmos
Live: NASA EDGE-questions and update
6th hour Video: Jim Green
Live: NASA EDGE-questions and update
Video: Transit of Venus Pt 1
Live: NASA EDGE/Sun Earth Day Team-questions and update
Video: Transit of Venus Pt 2
Live: Alex Young, Holly Gilbert
Video: Dean Pesnell
Live: Science discussion with NASA EDGE/Sun-Earth Day and Holly
Gilbert, Kelly Fast, Alex Young, Cherilynn Morrow
06:26:00 **Egress (duration between 3rd & 4th Contact 18:00)**

06:45:00 Live: Chris, Blair, Franklin & Guests
Still field audience questions from audience.
06:55:00 Fade to black: Prerecorded Audio of closing chant
06:56:00 Off Air

On the webcast live:

NASA EDGE Team:

Blair Allen
Chris Giersch
Franklin Fitzgerald

Sun-Earth Day Team:

Lou Mayo
Troy Cline
Jim Thieman

Scientists:

Kelly Fast
Cherilynn Morrow
Holly Gilbert
Alex Young

Hawaiian Science, Cultural and Historical Experts:

Alan Tokunaga
Gary Fujihara
Koa Ell

Telescopes:

Andrew Lundt

Students:

Cara Mayo
Camila Fishtauher
